

Echo Return to Play Guidelines

GAMES

Players must follow the same guidelines that are followed for training sessions, including pre-screening utilizing the TeamSnap Health Check, mask wearing, pick up and drop off, and physical distancing procedures.

Parents and spectators must pre-screen prior to attending Echo games, including taking your own temperature. You may use the CDC Self-Checker for screening. You **MAY NOT** attend events if you have tested positive for COVID-19 or have had close contact with someone who has. Refer to the Echo Decision Tree or contact Echo for decision-making assistance.

Parents and spectators must wear masks when exiting their vehicles until arriving at their designated area on the sidelines. Families should find an appropriate space on the sidelines using the BLUE DOTS as reference points. You must maintain 6-feet of physical distancing from any other family. Once settled, parents and spectators may remove their masks.

Parents and spectators must put their masks back on when walking around the facility (e.g., when going to the restroom) or when returning to their vehicles.

Failure to abide by Echo guidelines is a violation of Echo's Code of Conduct and may result in disciplinary action.
